

# Kentuckiana Census Hiring

## A Guide to Field Operations & National Processing Center Jobs

In preparation for the upcoming Census, the **Census Field Operations** and **Census National Processing Center** are both ramping up staff in an effort to support the 2020 Decennial! This makes the Kentuckiana market unique in having two simultaneous and parallel recruiting efforts. Both paths are vital to a successful 2020 Census and provide job opportunity for virtually anyone. The graphic below is intended to provide clarification on the two types of opportunities.

The **National Processing Center** (NPC) is the primary center for mail processing, survey processing, data capture, imaging, scanning, and warehouse operations for the US Census and is located in Jeffersonville, IN. The **Field Operations** teams gather the Census data from local communities across the country and forward data to NPC for processing.
